# Revision past paper question booklets

Use the revision timetable and the past paper question booklets you have been given.

Be consistent! Work through the relevant sections each week in the booklet, this is on the timetable attached to the front cover. Self assess – mark and green for growth using the mark schemes (you can find these using the QR code on the front of the booklet).

Key:  
Blue: Paper 1  
Green: Paper 2

# Sparx science independent work

**Independent Learning**

1. Select independent learning using this button

2. Choose the curriculum to revise e.g. AQA GCSE

3. Choose the topics using the Sparx codes from your learner pathway or the lists on science SharePoint

**Independent Learning**

**Personal practice**  
Let Sparx choose practice questions for you, based on what you've done in your homework.  
[Start new >](#)

**Choose a topic**

Search topics:   Level: **Level 2** (Default) Curriculum: **AQA GCSE**

- Biology**
- Chemistry**
- Physics**
- Skills**

For extra practice – Use Sparx science to perfect your knowledge recall.

Use the Sparx codes to select specific topics to practice.

Use the science sharepoint and your learner pathways to find Sparx codes and focus your revision on the key areas indicated in your practice exam feedback.

# Enrichment

In the run up to the real summer exams, each Tuesday we will offer a revision session where you can complete past paper questions.

You will be given a past paper booklet to complete with science specialists on hand to support via 1-1 or live whole class modelling

Final answers are provided so you can self-assess easily and then identify the questions you need support with.

If you can't attend, then a paper will be given to you to take away and complete at home.
