5. Identifying SEND

The school recognises that early identification and effective provision improves long-term outcomes for students. As part of the overall approach to monitoring the progress and development of all students, it has a clear approach to identifying and responding to SEND as outlined in the school's SEN Information Report.

With the support of the SLT, classroom teachers will conduct regular progress assessments for all students, with the aim of identifying students who are making less than expected progress given their age and individual circumstances.

'Less than expected progress' will be characterised by progress which:

- Is significantly slower than that of their peers starting from the same baseline
- Does not match or better the student's previous rate of progress
- Fails to close the attainment gap between them and their peers
- Widens the attainment gap

The school plans, manages and reviews SEND provision across the following four broad areas of need:

- Communication and interaction
- Cognition and learning
- Social, emotional and mental health difficulties
- Sensory and/or physical needs

6. Safeguarding

The school recognises that evidence shows students with SEND are at a greater risk of abuse and maltreatment, so will ensure that staff are aware that students with SEND:

- Have the potential to be disproportionately impacted by behaviours such as bullying
- May face additional risks online, e.g. from online bullying, grooming and radicalisation.
- Are at greater risk of abuse, including child-on-child abuse, neglect, and sexual violence and harassment

The school recognises that there are additional barriers to recognising abuse and neglect in this group of students. These barriers include, but are not limited to:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the student's condition without further exploration
- These students being more prone to peer group isolation or bullying (including prejudice-based bullying) than other students
- The potential for students with SEND or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- Communication barriers and difficulties in managing or reporting these challenges

The Principal and governing board will ensure that the school's Child Protection and Safeguarding Policy reflects the fact that these additional barriers can exist when identifying abuse. When using physical intervention and reasonable force in response to risks presented by incidents involving students with SEND, staff will have due regard for the procedures outlined in the school's Physical Intervention Policy.

Care will be taken by all staff, particularly those who work closely with students with SEND, to notice any changes behaviour or mood, or any injuries, and these indicators will be investigated by the DSL in collaboration with the SENCO.

7. SEND Support

The school is aware of its statutory duty to provide a broad and balanced curriculum and recognise that high quality teaching, which is scaffolded for individual students, is the first step in responding to students who have or may have SEND.

Teachers at the school will:

- Set high expectations for every student
- Plan stretching work for students whose attainment is significantly above the expected standard
- Plan lessons for students who have low levels of prior attainment or come from disadvantaged backgrounds
- Use appropriate assessment to set targets which are deliberately ambitious
- Plan lessons to ensure that there are no barriers to every student achieving
- Be responsible and accountable for the progress and development of the students in their class, including where students access support from teaching assistants or specialist staff

Decisions on whether to make special educational provision for students will be based upon:

- Discussions between the teacher and SENCO
- Analysis of the student's progress – using internal formative and summative assessments, alongside national data and expectations of progress
- Discussion with the student and their parent

Once a student has been identified with SEND, the school will employ a graduated approach to meeting the student's needs. This will be through the adoption of a four-part cycle – **assess, plan, do, review** – whereby earlier decisions and actions are revisited, refined and revised with a growing understanding of the student's needs and of what supports the student in making good progress and securing good outcomes.

The process is as follows:

- **Assess:** establishing a clear assessment of the student's needs
- **Plan:** agreeing the adjustments, interventions and support to be put in place, as well as the expected impact on progress, development or behaviour, along with a clear date for review
- **Do:** implementing the agreed interventions and support
- **Review:** analysing the effectiveness of the interventions and their impact on the student's progress in line with the agreed review date

Where higher levels of need are identified, the school will access specialised assessments from external agencies and professionals. In conjunction with the LA, we will also utilise our resource, and specialist provision in the school - The HeartSpace. Places are commissioned via the LA and via the consultation process. However, mainstream students will be enabled to access a level of support via an internal referral process, from the specialist staff within the provision as part of the standard offer at Penistone Grammar School.

Where, despite the school having taken relevant and purposeful action to identify, assess and meet the SEN of a student, they have not made expected progress, the school, in consultation with parents, will consider requesting an Education, Health and Care needs assessment.

EAL

The school is aware that there may be students at the school for whom English is not their first language and appreciates that having EAL is not equated to having learning difficulties. At the same time, when students with EAL make slow progress, it will not be assumed that their language status is the only reason; they may have SEND.

The school will consider the student within the context of their home, culture and community and look carefully at all aspects of a student’s performance in different subjects to establish whether the problems they have in the classroom are due to limitations in their command of English or arise from SEND.

8. Admissions

The school will ensure it meets its duties set under the DfE’s ‘School Admissions Code’ by:

- Not refusing admission for a child thought to be potentially disruptive, or likely to exhibit challenging behaviour, on the grounds that the child is first to be assessed for SEND
- Not refusing admission for a child that has named the school in their EHC plan
- Considering applications from parents of children who have SEND but do not have an EHC plan
- Not refusing admission for a child who has SEND but does not have an EHC plan because the school does not feel able to cater for those needs
- Not refusing admission for a child who does not have an EHC plan
- Not discriminating against or disadvantaging applicants with SEND
- Ensuring policies relating to school uniform and trips do not discourage parents of students with SEND from applying for a place
- Adopting fair practices and arrangements in accordance with the ‘School Admissions Code’ for the admission of children without an EHC plan
- Ensuring the school’s oversubscription arrangements will not disadvantage children with SEND
- Ensuring that every school activity is accessible to children with SEND, with reasonable adjustments made where necessary.

Arrangements for the fair admissions of students with SEND are outlined in the Admissions Policy and will be published on the school website.

9. Transition

The school is aware of the importance of planning and preparing for the transitions between phases of education and preparation for adult life.

Where students have EHC plans, these will be reviewed and amended in sufficient time prior to a student moving between key phases of education, to allow for planning for and, where necessary, commissioning of support and provision at the new setting.

10. Involving Students and Parents in Decision Making

The school is committed to working in partnership with all parents in the best interests of their child and will provide an annual report for all parents on their child's progress.

Where a student is receiving SEND support, the school will regularly liaise with parents in setting outcomes and reviewing progress. The class teacher, supported by the SENCO, will meet with the parents once each year, with the addition of communication each term, half term, four weekly and weekly- dependant upon the level of support required for the student.

The planning that the school implements will help parents and students with SEND express their needs, wishes and goals, and will:

- Focus on the student as an individual, not allowing their SEND to become a label
- Be easy for students and their parents to understand by using clear, ordinary language and images, rather than professional jargon
- Highlight the student's strengths and capabilities
- Enable the student, and those who know them best, to say what they have done, what they are interested in and what outcomes they are seeking in the future
- Tailor support to the needs of the individual
- Organise assessments to minimise demands on parents
- Bring together relevant professionals to discuss and agree together the overall approach

Where the LA provides a student with an EHC plan, the school will involve the parents and the student in discussions surrounding how the school can best implement the plan's provisions to help the student thrive in their education, and will discern the expected impact of the provision on the student's progress. Where necessary, the school will facilitate support from an advocate to ensure the parent's views are heard and acknowledged.

11. Funding for SEND Support

Where additional student needs are identified the school will use its delegated funding allowance to provide early intervention support for the benefit of students identified with SEND.

Where students with SEND have been receiving early intervention support but are still not making sufficient progress, the school will consider accessing high needs top-up funding from the LA to provide additional specialist support.

12. EHC Needs Assessments and Plans

The school recognises that, despite having taken relevant and purposeful action to identify, assess and meet the SEND of a student, some students may not make expected levels of progress. In these cases, the school will consult with parents and consider requesting an EHC needs assessment.

The purpose of an EHC plan is to make special educational provision to meet the SEND of the student, to secure the best possible outcomes for them across education, health and social care and prepare them for adulthood.

As part of the EHC needs assessment, the school will meet its duty by:

- Responding to any request for information as part of the EHC needs assessment process within six weeks from the date of the request, unless special exemptions apply as outlined in the SEND code of practice
- Providing the LA with any school-specific information and evidence about the student's profile and educational progress
- Gathering any advice received from relevant professionals regarding their education, health and care needs, desired outcomes, and any special education, health and care provision that may be required to meet their identified needs and achieve desired outcomes

If, following the assessment, the LA decides not to issue an EHC plan, the school will be provided with written feedback collected during the EHC needs. It will use this information to contribute to the graduated approach and inform how the outcomes sought for the student can be achieved through further special educational provision made by the school and its partners.

Where the LA decides to issue an EHC plan, it must consult the prospective school by sending a copy of the draft plan and consider their comments before deciding whether to name it in the student's EHC plan. The school will meet its duty to provide views on a draft EHC plan within 15 days.

The school will admit any student that names the school in an EHC plan and will ensure that all those teaching or working with a student named in an EHC plan are aware of the student's needs and that arrangements are in place to meet them.

13. Reviewing EHC Plans

The school will ensure that teachers monitor and review the student's progress during the year and conduct a formal review of the EHC plan at least annually.

The school will:

- Cooperate with the LA and relevant individuals to ensure an annual review meeting takes place, including convening the meeting on behalf of the LA if requested
- Ensure that the appropriate people are given at least two weeks' notice of the date of the meeting, such as representatives from the LA SEN, social care and health services
- Seek advice and information about the student prior to the annual review meeting from all parties invited, and send any information gathered to all those invited, at least two weeks in advance of the meeting
- Ensure that sufficient arrangements are put in place at the school to host the annual review meeting
- Contribute any relevant information and recommendations about the EHC plan to the LA, keeping parents involved at all times
- Lead the review of the EHC plan to create the greatest confidence amongst students and their parents
- Prepare and send a report of the meeting to everyone invited within two weeks of the meeting, setting out any recommendations and amendments to the EHC plan

- Clarify to the parents and student that they have the right to appeal the decisions made regarding the EHC plan
- Where possible for LAC, combine the annual review with one of the reviews in their care plan, in particular the personal education plan (PEP) element
- Where necessary, provide support from an advocate to ensure the student's views are heard and acknowledged
- Where necessary, facilitate support from an advocate to ensure the parent's views are heard and acknowledged
- Review each student's EHC plan to ensure that it includes the statutory sections outlined in the 'Special educational needs and disability code of practice: 0 to 25 years', labelled separately from one another

If a student's needs significantly change, the school will request a re-assessment of an EHC plan at least six months after an initial assessment. Thereafter, the governing board or Principal will request the LA to conduct a re-assessment of a student whenever they feel it is necessary.

14. Supporting Successful Preparation for Adulthood

The school is aware that being supported towards greater independence and employability can be life-transforming for students with SEND. It recognises the importance of starting early, centring on student aspirations, interests and needs, and will ensure that students are supported at developmentally appropriate levels to make a smooth transition to what they will be doing next, e.g. moving on to higher education.

The school will:

- Ensure that the EHC plan review includes a focus on preparing for adulthood, with additional focus on transition and preparing for adulthood from Year 9 onwards
- Build transition planning into the revised EHC plan to identify appropriate post-16 pathways for higher education and employment, and support preparation for independent living, maintaining good health in adult life and participating in society
- Seek partnerships with employment services, businesses, housing agencies, disability organisations, and arts and sports groups, to help children understand what is available to them as they get older, and what it is possible for them to achieve
- Engage with FE providers as necessary to help plan for any transitions
- Ensure students from Year 8 until Year 13 are provided with independent careers guidance

The school's Careers Policy details how the school will fulfil its statutory duties under section 42 of the Education Act 1997 and work with students with SEND to ensure they are prepared for the workplace.

15. Managing Complaints

The school will publish the Complaints Procedure Policy on the school website.

Following a parent's serious complaint or disagreement about the SEND provision being made for their child, the school will contact the LA immediately to seek disagreement resolution advice, regardless of whether an EHC plan is in place.

A copy of this document is available to download from our website (www.penistone-gs.uk) or by contacting the school by telephone 01226 762114 or email enquiries@penistone-gs.uk

The school is aware of the formal and informal arrangements for resolving disagreements at a local level and will work with the LA in responding to requests for information as part of procedures for:

- Disagreement resolution
- Mediation
- Appeals to the SEND Tribunal

The school will meet any request to attend a SEND tribunal and explain any departure from its duties and obligations under the 'Special educational needs and disability code of practice: 0 to 25 years'.

16. All Staff Training and Improving Practice

The school is committed to the learning and development of all its staff members and training opportunities will be provided and delivered in line with the school's CPD and Training Policy. The school SENCO will assess staff competencies and ensure that CPD provision allows staff to develop their awareness, skills, and practices in identifying, educating, and assessing students with SEND.

17. Use of Data and Record Keeping

All information about students will be kept in accordance with the school's Records Management Policy and Data Protection Policy.

The school's records will:

- Record details of additional or different provision made under SEND support, with accurate information to evidence the SEND support that has been provided over the student's time in the school, as well as its impact, e.g. through the use of provision maps
- Include details of SEND, outcomes, action, agreed support, teaching strategies and the involvement of specialists, as part of its standard management information system to monitor the progress, behaviour and development of all students
- Maintain an accurate and up-to-date register of the provision made for students with SEND
- Be kept securely so that unauthorised persons do not have access to it, so far as reasonably practicable

The school keeps data on the levels and types of need within the school and makes this available to the LA and Ofsted.

Confidentiality

The school will not disclose any EHC plan without the consent of the student's parents, except for specified purposes or in the interests of the student, such as disclosure:

- To a SEND tribunal when parents appeal, and to the Secretary of State under the Education Act 1996.
- On the order of any court for any criminal proceedings
- For the purposes of investigations of maladministration under the Local Government Act 1974
- To enable any authority to perform duties arising from the Disabled Persons (Services, Consultation and Representation) Act 1986, or from the Children Act 1989 relating to safeguarding and promoting the welfare of children
- To Ofsted inspection teams as part of their inspections of schools and LAs

- To the Principal (or equivalent position) of the setting at which the student is intending to start their next phase of education

The school will adhere to the Student Confidentiality Policy at all times.

18. Publishing Information

The school will publish information on the school website about the implementation of this policy. The information published will be updated annually and any changes to the information occurring during the year will be updated as soon as possible.

The SEN Information Report will be prepared by the governing board and will be published on the school website. It will include all the information outlined in paragraphs 6.79 and 6.83 of the ‘Special educational needs and disabilities code of practice: 0 to 25 years’.

19. Joint Commissioning, Planning and Delivery

The school will work closely with local education, health and social care services to ensure students get the right support.

The school will assist the LA in carrying out their statutory duties under the Children and Families Act 2014, by ensuring that services work together where this promotes children and young people’s wellbeing or improves the quality of special educational provision (Section 25 of the Children and Families Act 2014).

The school will draw on the wide range of local data sets about the likely educational needs of students with SEND to forecast future needs, including:

- Population and demographic data
- Prevalence data for different kinds of SEND among children at the national level
- Numbers of local children with EHC plans and their main needs
- The numbers and types of settings locally that work with or educate students with SEND
- An analysis of local challenges or sources of health inequalities

The school will plan, deliver and monitor services against how well outcomes have been met, including, but not limited to:

- Improved educational progress and outcomes for students with SEND
- Increasing the identification of students with SEND prior to school entry

Where students with SEND also have a medical condition, their provision will be planned and delivered in coordination with the EHC plan.

SEND support will be adapted and/or replaced depending on its effectiveness in achieving the agreed outcomes.

20. Local Offer

Local Offer, where necessary and appropriate, to ensure that it is:

- **Collaborative:** Where appropriate, the school will work with LAs, parents and students in developing and reviewing the Local Offer. The school will also cooperate with those providing services
- **Accessible:** The school will collaborate with the LA during development and review to ensure that the LA's Local Offer is easy to understand, factual and jargon-free; is structured in a way that relates to students' and parents' needs, e.g. by broad age group or type of special educational provision; and is well-signposted and -publicised
- **Comprehensive:** The school will help to ensure that parents and students understand what support can be expected to be available across education, health and social care from age 0 to 25 and how to access it. The school will assist the LA in ensuring that the Local Offer includes eligibility criteria for services, where relevant, and makes it clear where to go for information, advice and support, as well as how to make complaints about provision or appeal against decisions.
- **Up-to-date:** The school will work with the LA to review the Local Offer to ensure that, when parents and students access the Local Offer, the information is up-to-date.

The school will provide the LA with information about their existing SEND provision and capabilities to support students with SEND to aid in the drafting of the Local Offer, where required.

21. Monitoring and Review

The policy is reviewed on an annual basis by the Principal in conjunction with the governing board; any changes made to this policy will be communicated to all members of staff, parents of students with SEND, and relevant stakeholders.
