Achieving Excellence through a Values Driven Education

Ref: GUN/NHA

Date: 17 November 2023

Dear Parents/ Carers

Physics GCSE

Could we please ask that you take a couple of minutes to access and complete the linked survey below from OFQUAL. This is to ensure that our GCSE Science students sitting the Physics GCSE Science papers this Summer have access to the equation sheet. This sheet will help students select and use the correct equations that they will need in the exam.

The equation sheet is typically not given during the exam, but due to the disruption to education these students have experienced through the impact of COVID there is a consultation process taking place at the moment to determine if students are given the equations for Physics exams this summer. We feel this will support our students in achieving their potential and the more parents that can take part in the survey the greater the chance that this additional support will be given.

If you could please take the time to complete the survey and support our students you can access the link [here](#).

Kind Regards

Penistone Grammar School
