

Penistone Grammar School A' Level Geography Bridging Task

YEAR 11 INTO 12 SUMMER TRANSITION

Qualification/Level: A 'level Geography - Examination Board AQA

What equipment will be needed for the subject before you start the course?

You will need three folders; one for human geography, one for physical geography and one for the Skills element. You will also need A4 lined paper and the usual classroom stationery. It is recommended that you also use plastic wallets to help keep your work organised.

- a) **You will be fully equipped.** The basics that you will need to be organised during the upcoming year are: A4 ring binder dividers, A4 lined paper, hole punch, plastic wallets, pen which should include a red and green, pencil, ruler, rubber and a selection of highlighters.
- b) In addition you are required to have equipment to complete geographical skills: **calculator, compass, protractor.**
- c) **Your folders.** You will require 2 folders. These should all be A4 Lever Arch ring binders (the large version not the thin ones). You will also need to purchase 2 packs of A4 ring binder dividers.

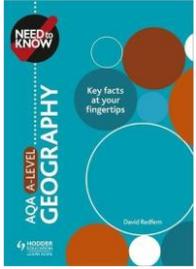

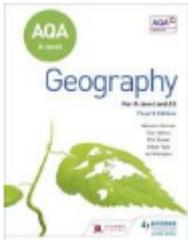

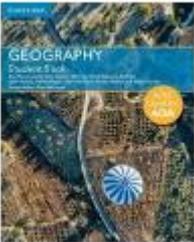

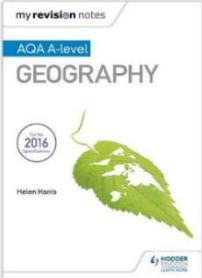

Y12 topics	Y12 Topics
<ul style="list-style-type: none">• Water and Carbon• Hazards	<ul style="list-style-type: none">• Changing Places• Contemporary Urban Environments
Y13 topics	Y13 Topics
<ul style="list-style-type: none">• Hazards• Non-examined Assessment NEA (coursework)	<ul style="list-style-type: none">• Coastal systems and landscapes• Global systems and global governance

Are you organised for A'level Geography?

- 2x ring binders (Good quality)
- A4 pad of paper (hole punched)
- Plastic wallets
- Hole punch
- Pens
- Highlighters x3

Geographical podcasts / documentaries:

<https://geographical.co.uk/podcasts>

Find time to watch some geographical podcasts / documentaries.

Opposite is a site with a range of podcasts to listen to

And documentaries to watch.

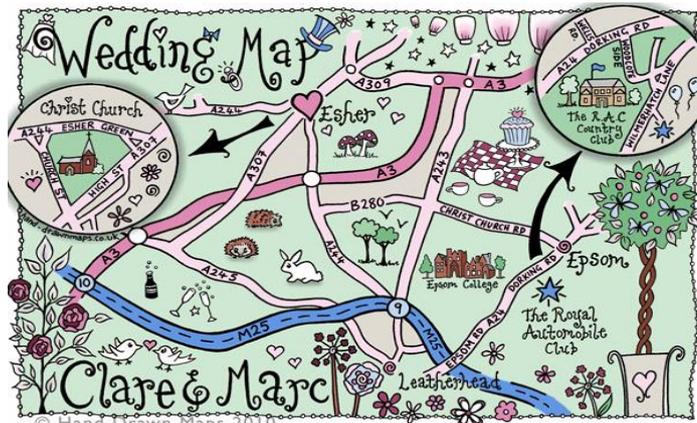

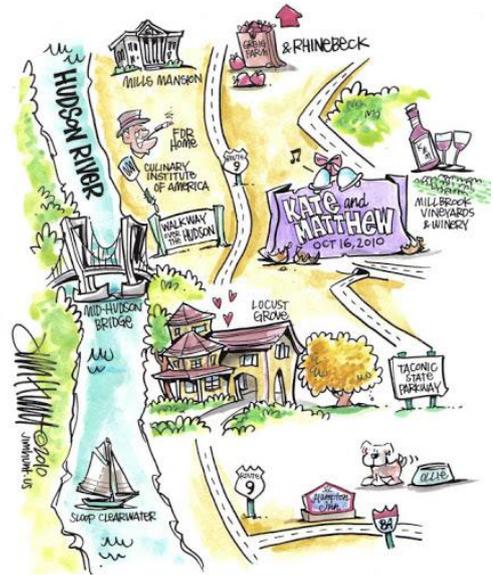

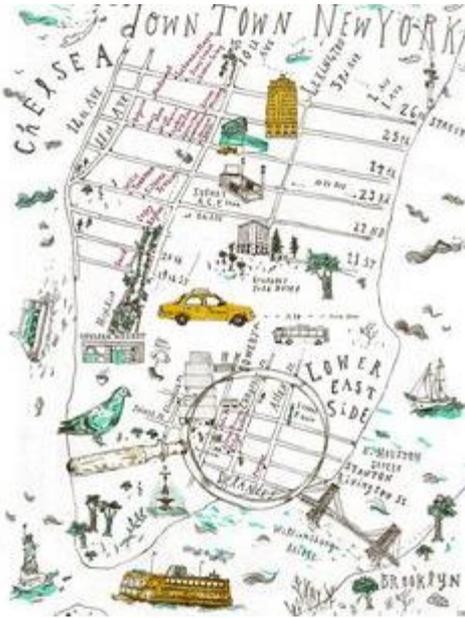

Penistone Grammar School Geography Y11 to Y12 bridging tasks

Week	Task
Week 1	<p>Watch the Documentary Mega cities. Try to summarise the Geography in it in less than 250 words in the space below.</p>  <p>https://tinyurl.com/4wcux9x3</p>
Week 2	<p>Consider ordering one of the books from the reading list off Amazon or if you have an E-book reader downloading a copy. Start reading the book with the aim of finishing it before September.</p>
Week 3	<p>Listen to at least 1 Geography Podcast by choosing from the wide range available from the Royal Geographical society. (You may need to download the Soundcloud App). Scan the QR code using the camera on your phone or visit the following webpage https://tinyurl.com/Geogpodcast</p>  <p>Try to write a short 150 word summary of what you learnt</p>
Week 4	<p>Get all your equipment ordered or bought read for the start of September. Tick them off once you have obtained them.</p> <ul style="list-style-type: none"> <input type="checkbox"/> 2x ring binders (Good quality) <input type="checkbox"/> A4 pad of paper (hole punched) <input type="checkbox"/> Plastic wallets <input type="checkbox"/> A mechanical hole punch <input type="checkbox"/> Pens <input type="checkbox"/> Highlighters x3 <input type="checkbox"/> Pencils <input type="checkbox"/> Ruler <input type="checkbox"/> Compass* <input type="checkbox"/> Protractor* <input type="checkbox"/> Calculator*
Week 5	<p>Take a look at the sample copy of the textbook of the topic Changing Places. Use the TinyURL or scan the QR code below with your phone camera. When you have read the pages 5- 16, complete the Place Study Worksheet attached, for a place that is special to you.</p> <p>https://tinyurl.com/yaog7su3</p> 

You are going to create an 'emoti-map' of your special place that you completed your place study for last week.

The map will show as much or as little as you want of your special place and it should include a mixture of the physical geography and the human geography that makes it special to you. It should be completely unique to you, with the features of the place that you enjoy most. Try to include drawings of you on your map, doing the activities that make the place special. You can use the WAGOLL examples below, as inspiration.

Changing Places- Place Study

Place:

Location- Where your place is e.g. address, coordinates etc.

Locale- What culture and customs exist in your place?

A 'near place' may be somewhere in which a person feels comfortable because it feels familiar due to personal experience (e.g. countryside/cities).

A 'far place' has the opposite impact on people.

My special place is...

Sense of Place- What emotional attachment do you have to this place? What makes it special to you and why?

How do different groups of people experience your special place?

Who are the **Insiders** that feel that they belong to a place. This is not restricted to a geographical location, but may refer to groups of people, activities or events.

Who are the **Outsiders** that are people who are considered by others as being 'out of place'. Migrants are often described in this way and some media reports express a need to protect 'our place' and 'our culture'.

Place meaning: individual or collective perceptions of place. What is your perception of this place? Is it positive, negative, a safe place, an adventurous place? This is based on your opinion and experience, so can't be wrong.

Representation: how a place is seen or portrayed in society. How might other people think of your special place? You might want to do a little bit of online research for this if you're not sure.

Endogenous factors refer to the characteristics of a place itself or factors which originated internally (in that place). E.g location, land use, social and economic characteristics such as population size and employment rates

INTERNAL

EXTERNAL

Brainstorm the different exogenous (external) and endogenous (internal) factors that have changed your special place. These could be historical or contemporary.

Exogenous: Relationships between a place and another place, includes socio-economic and cultural characteristics, the shifting of flows of people, resources, money, ideas and investment.
