

How often do students in year 7 study Languages?

Year 7 students have 5 lessons of Languages per fortnight. We split the year between French and Spanish, with 19 weeks spent on each language. Students will have the same teacher for each language.

What topics do you learn about in Languages in year 7?

Students learn to talk and write about themselves and their families, their hobbies and their studies in both French and Spanish. Students will also learn about the culture and traditions in countries where French and Spanish are spoken.

What skills will you develop in Languages during year 7?

You will develop your skills in listening, reading, speaking and writing and it could also help you to develop your English skills.

Do you need any specialist equipment to study Languages?

It is always useful to have a bilingual dictionary at home when studying another language, but these are always available in the classroom. We always like to see a smile!

What is the best thing about studying Languages?

The best thing is that you will be able to speak to people in other countries all around the world! Studying languages will open up many options for fun experiences in the future!

Do you have any tips for new year 7 students studying Languages?

Don't be afraid to get involved and to join in!
