

Dear Parent/Carer

Following on from our previous communications regarding our in-school provision The Bridge, we would like to remind you about how The Bridge will continue to support your child during their time at Penistone Grammar School.

Firstly, we would like to introduce The Bridge Team.

			
Graham Teasdale Assistant Principal – Strategic lead for PP	Tracy Thornhill Engagement Officer	Kirsty Fisher HLTA (Maths)	Katie Lill HLTA (English)

Academic Support

The Bridge provides further specific academic support to help all students reintegrate into mainstream lessons.

We understand at times students require a 'soft touch' with Miss Thornhill, Miss Fisher and Miss Lill creating a welcome and warming environment that nurtures our students.

Our HLTAs role within The Bridge is to teach lesson content to students when accessing The Bridge until they are reintegrated back into the classroom.

They also provide 1-1 support for our Pupil Premium students to improve numeracy and literacy as identified via students KS2 SATS results and the Year Team, that will allow them greater access of the whole school curriculum.

Breakfast

According to research 60% of secondary school students skip breakfast every morning, but we are here to help.

Within The Bridge, we have a grab and go breakfast option of cereal bars and fruit for your child to have if they miss breakfast. This will be available from 8am until 8:20am in The Bridge open space.

Technology

As technology develops, so does the use of it in schools. Our main platform used by teachers and students is Microsoft Teams. Students will use the software to access and complete home learning (HL), access Year group and mentor notices. We are aware that other departments are using technology including the online platform; Educake.

These platforms are available on mobile phones but the use of a larger device, for example a laptop is recommended.

At Penistone Grammar School we can support your child if they require access to a laptop. If you require support with an electronic device, please contact Mrs Thornhill at pupilpremium@penistone-gs.uk.

If your child has a laptop but it isn't working as expected, please bring into school for our IT team to investigate.

Don't forget your child can access departmental HL clubs after school as well as a dedicated HL club every Tuesday from 3pm in C301 run by our KS3 team.

Lesson resources

One of our key roles at The Bridge is to remove learning barriers with one of these being lesson equipment, for example pens, pencils and calculators to name a few. If your child's equipment becomes lost, broken or even runs out, they can ask a member of staff in The Bridge, and they will provide resources to support your child's learning.

We also understand as your child progresses through the years; they will require GCSE textbooks. The Bridge will also provide support with these, in-particular if your child is in Year 10 the team in The Bridge have collated all books required for their subject and have provided a bundle at the end of Year 9. If your child is in Year 11 and you require assistance with GCSE textbooks, please contact Mrs Thornhill at pupilpremium@penistone-gs.uk.

Please note, we monitor the equipment given to students to check for reoccurrences and will have supportive conversations if we identify students' poor organisational skills. The provision will follow the schools VDE if required.

Uniform/PE Kit

As your child progresses through Penistone Grammar School, they will also grow. We are proud to have a large collection of pre-loved uniform and PE items if your child's clothing becomes too small, damaged or even lost. If you require support with uniform or PE kit your child can ask at The Bridge, or we have a uniform clothing request form on our school website.

Please note, if your child forgets a piece of school uniform, the item will be lent but a consequence line will be issued. This also applies to the PE Kit.

Wellbeing products

We also have a wide range of personal grooming and cleanliness products as well as sanitary products if your child should need these. These can be sourced from any member of staff within The Bridge.

Trips & Visits

We understand that the one thing students remember about school is the trips and visits and we want to make them as accessible as possible.

If your child is invited on a trip that is required for their studies, we will continue to offer to pay 100% of the costs. We also continue to offer to pay 20% of the costs if the trip is non-educational. When your child is invited on a trip or visit, you will receive an additional letter asking how much support you would like.

The Bridge has experienced colleagues who are here to support your child to ensure they have the best possible experience at Penistone Grammar School. There will be bumps in the road, but this is part of every child's journey through school, but we will support them every step of the way.
