Restrictions on Persons Taking Part in Proceedings of Governing Body Meetings and Committees

The general principles are detailed below:

- Where there is a conflict between the interests of any person and the interests of the governing body, that person should withdraw from the meeting and should not vote.
- In a situation where the principles of natural justice require a fair hearing and there is any reasonable doubt as to a person's ability to act impartially, he or she should also withdraw from the meeting and not vote.
- Where a governor or associate member has a pecuniary interest in any matter, he or she should also withdraw from the meeting and not vote.

Examples of cases where a fair hearing must be given include decisions relating to staff or pupil discipline or admission of pupils. The restrictions on persons taking part in proceedings do not stop a governing body or committee from allowing someone who can offer relevant evidence to a case in question from giving that evidence.

If there is any dispute as to whether or not a person must withdraw from a meeting the other governors present at the meeting must decide on this.

2. Roles and Responsibilities

| Chair Disqualification: The Principal, Staff Governors, Students, Staff Members | To ensure the business of the Governing Body is conducted properly, in accordance with legal and Barnsley Metropolitan Borough Council delegation requirements. To ensure meetings are run effectively, focusing on priorities and making the best use of time available, and to ensure that all members have an equal opportunity to participate in discussion and decision-making. To establish and foster an effective relationship with the Principal based on trust and mutual respect for each other's roles. The Chair has an important role in ensuring that the Governing Body acts as a sounding board to the Principal and provides strategic direction. |
|--|---|

11. Code of Conduct for Penistone Grammar School Governing Body

This code sets out the expectations on and commitment required from school governors in order for the governing body to properly carry out its work within the school and the community.

The Governing Body has the following core strategic functions:

- 1) Establishing the strategic direction by:
 - Setting the vision, values, and objectives for the school
 - Agreeing the school improvement strategy with priorities and targets Meeting statutory duties
- 2) Ensuring accountability by:
 - Appointing the principal
 - Monitoring progress towards targets
 - Performance managing the principal
 - Engaging with stakeholders
 - Contributing to school self-evaluation
- 3) Ensuring financial probity by:
 - Setting the budget
 - Monitoring spending against the budget
 - Ensuring value for money is obtained
 - Ensuring risks to the organisation are managed

As governors we agree to the following:

Role & Responsibilities

- We understand the purpose of the Governing Body and the role of the principal.
- We accept that we have no legal authority to act individually, except when the Body has given us delegated authority to do so, and therefore we will only speak on behalf of the Governing Body when we have been specifically authorised to do so.
- We will support all decisions made by the Governing Body. When we hold a dissenting view will always articulate the view of the majority and the process in reaching a decision. If expressing any dissenting view this will always be given in the context of the decision and we will state our support for the majority decision
- We have a duty to act fairly and without prejudice, and in so far as we have responsibility for staff, we will fulfil all that is expected of a good employer.
- We will encourage open government and will act appropriately.
- We will consider carefully how our decisions may affect the community and other schools.
- We will always be mindful of our responsibility to maintain and develop the ethos and reputation of our school. Our actions within the school and the local community will reflect this.
- In making or responding to criticism or complaints affecting the school we will follow the procedures established by the Governing Body.
- We will actively support and challenge the Principal.

Commitment

- We acknowledge that accepting office as a governor involves the commitment of significant amounts of time and energy.
- We will each involve ourselves actively in the work of the Governing Body, and accept our fair share of responsibilities, including service on committees or working groups.
- We will make full efforts to attend all meetings and where we cannot attend explain in advance why we are unable to. Governors are expected to attend at least 90% of meetings and if they have not done so in any academic year, they and the governing body will consider if their continued service is in the best interest of the students (taking account of the reason for their absence).
- Each governor will maintain a school e mail account and review that account at least three times per week. All emails should be responded to within given deadlines. Where holidays or illness mean

that this is not possible, details of the governor's non-availability should be shared with other governors in advance.

- We will get to know the school well and respond to opportunities to involve ourselves in school activities.
- We will visit the school, with all visits to school arranged in advance with the staff and undertaken within the framework established by the Governing Body and agreed with the principal.
- We will consider seriously our individual and collective needs for training and development and will undertake relevant training. In particular we will each have or arrange as soon as practical:
 - A working knowledge of the Governance Handbook
 - Attend suitable induction courses
 - Attend a course on Raise on-line and ALPS or demonstrate to the satisfaction of the Governor responsible for training that we have sufficient experience in these two areas.
 - Take responsibility for our own CPD and develop a personal learning plan that meets those needs. The plan will be agreed with the governor responsible for training.
 - Attend the courses that the Governing Body or the member responsible for governor training determines that the Governor should attend.
- We accept that in the interests of open government, our names, terms of office, roles on the governing body, category of governor and the body responsible for appointing us will be published on the school's website.
- Each governor will join:
 - The Barnsley Governors Association (BGA)
 - The National Governors Association (NGA)
- Each governor will keep up to date with developments in the education and governance including:
 - Subscribing to updates from the BGA and NGA
 - Reading such documents that the governor responsible for governor training recommends (for example changes in OFSTED guidance or significant DfE regulations)
- All Governors will take part in annual review of their performance.

Relationships

- We will strive to work as a team in which constructive working relationships are actively promoted.
- We will express views openly, courteously and respectfully in all our communications with other governors.
- We will support the chair in their role of ensuring appropriate conduct both at meetings and at all times.
- We are prepared to answer queries from other governors in relation to delegated functions and take into account any concerns expressed, and we will acknowledge the time, effort and skills that have been committed to the delegated function by those involved.
- We will seek to develop effective working relationships with the principal, staff and parents, the local authority and other relevant agencies and the community.

Confidentiality

- We will observe complete confidentiality when matters are deemed confidential or where they concern specific members of staff or pupils, both inside or outside school
- We will exercise the greatest prudence at all times when discussions regarding school business arise outside a Governing Body meeting.
- Minutes will record which governor made particular statements
- Minutes will not record which governor voted for/against individual resolutions

Conflicts of interest

- We will record any pecuniary or other business interest (including those related to people we are connected with) that we have in connection with the Governing Body's business in the Register of Business Interests, and if any such conflicted matter arises in a meeting, we will offer to leave the meeting for the appropriate length of time. We accept that the Register of Business Interests will be published on the school's website.
- We will also declare any conflict of loyalty at the start of any meeting should the situation arise.

• We will act in the best interests of the school as a whole and not as a representative of any group, even if elected to the Governing Body.

Breach of this Code of Conduct

- If we believe this code has been breached, we will raise this issue with the chair and the chair will investigate; the Governing Body will only use suspension/removal as a last resort after seeking to resolve any difficulties or disputes in more constructive ways.
- Should it be the chair that we believe has breached this code, another governor, such as the vice chair will investigate.

The Seven Principles of Public Life

(Originally published by the Nolan Committee: The Committee on Standards in Public Life was established by the then Prime Minister in October 1994, under the Chairmanship of Lord Nolan, to consider standards of conduct in various areas of public life, and to make recommendations).

| Selflessness | | Holders of public office should act solely in terms of the public interest. They should not do so in order to gain financial or other material benefits for themselves, their family, or their friends. | | | |
|------------------------------------|--|--|--|--|--|
| Integrity | obligation to outside individual | Holders of public office should not place themselves under any financial or other obligation to outside individuals or organisations that might seek to influence them i the performance of their official duties. | | | |
| Objectivity | contracts, or recommending in | In carrying out public business, including making public appointments, awarding contracts, or recommending individuals for rewards and benefits, holders of public office should make choices on merit. | | | |
| Accountability | • | Holders of public office are accountable for their decisions and actions to the public and must submit themselves to whatever scrutiny is appropriate to their office. | | | |
| Openness | actions that they take. They sh | be as open as possible about all the decisions and hould give reasons for their decisions and restrict er public interest clearly demands. | | | |
| Honesty | Holders of public office have a duty to declare any private interests relating to their public duties and to take steps to resolve any conflicts arising in a way that protects the public interest. | | | | |
| Leadership | Holders of public office should promote and support these principles by leadership and example. | | | | |
